judge, prosecutor or attorney, once they have the needed qualifications according to the legislation of RNM).

- Utilizes the knowledge gained through research in the problem solving process through comparing practices and solutions in the area of prevention of crime.

Making judgement

- Performs more critical thinking through methods of analyzing and comparing.
- Develops skills of solving problems through case-law practices of more complex national and international cases.

Communication skills

- Utilizes proper terminology for complex and specific issues in the area of criminal law sciences.
- Is able to reach decisions and work more directly and effectively in all the police and court stages of a criminal procedure.
- Is involved in research based legal argumentation and debate.
- Utilizes the official languages of the University as well as more advanced computer skills in the research work.

Learning skills

- Develops a regulation of research to be used in their profession.
- Creates a practice of lifelong learning and service through being involved in training persons that work in the state institutions of crime prevention.

List of courses

Semester 1

- [DLAW0101] [10.0 ECTS] **Research Methodology**
- [DCR0102] [10.0 ECTS] **Criminal Law - depth program**
- [EDCR0101] [10.0 ECTS] **Criminology and Penology**

Semester 2

- [DCR0104] [10.0 ECTS] **Review and Approval of the Doctoral Dissertation Plan**
- [10.0 ECTS] **Elective course**
- [10.0 ECTS] **Elective course**

Semester 3

- [PHD-S3-S4-01] [40.0 ECTS] **Scientific Research Work**
- [PHD-S3-S4-02] [15.0 ECTS] **Publications I**
- [C2020] [5.0 ECTS] **Student Mobility**

Semester 4

Semester 5

- [DCR0106] [20.0 ECTS] **Presentation of Research Results**
- [PHD-S5-01] [10.0 ECTS] **Publications II**

Semester 6

- [CR-PhD-THESIS] [30.0 ECTS] **Doctoral Dissertation**

Description of courses

Core courses

- **Research Methodology**

This course is designed for students who are preparing to carry out a doctoral thesis project. The main objective of the course is to offer students tools conceptualizing their thesis regarding research issue and the creation of data collection methods and qualitative analysis. The course is focused on problems of the quantitative methods and techniques, such as statistical analysis, texts related to theory and testing hypotheses. Then, the meaning and topics of descriptive and causal inference are of a great importance, longitudinal comparative research and case study. Advanced information data collection will be offered for working with text. The goal is to analyze the quality of data and incorporate all theoretical and practical performances in the function of designing and writing of the thesis.

- **Criminal Law - depth program**

Basis for teaching in this course is the General and Special aspects of Criminal Law. In this course, instead of the traditional method *ex cathedra*, the case study method and clinical methods will be actively implemented.

- **Criminology and Penology**

The acquisition of advanced knowledge on the object of study of Criminology and its main institutions, issues and contemporary trends and studying the influence of various factors in the commission of offenses, criminological examinations on the perpetrator and victim of crime and identification and criminological analysis of contemporary issues. The acquisition of advanced knowledge on the subject of study of Penology and its main institutions, issues and contemporary trends and studying the influence of various factors in the execution of criminal sanctions, penological examination regarding the punishment imposed as well as identifying and analyzing penological contemporary issues.

- **Review and Approval of the Doctoral Dissertation Plan**

After the first semester, the student begins his activities for the development of the plan on his doctoral dissertation. Activities include the definition of literature, defining hypothetical framework, the definition of the work methodology and determination of the individual plan as well as the first public presentation. If necessary, can be held elective courses for this purpose.

- **Scientific Research Work**

In the second year (semester 3 and 4) the candidate continues with research activity by approved individual plan. Mentor provides assessment on these activities in the form of a report to the Scientific-Teaching Council of the Faculty.

- **Publications I**

Publication of research activities under the table relevant to the media for publication. Publication activities and successes of the candidate checked before scientific audience by area and the relevance of the research.

- **Student Mobility**

During the fourth semester the student is obliged to visit and contribute to a relevant institution abroad for a period of at least one week. The aim of PhD students' mobility is to request candidates to present, exchange and discuss their research work with their colleagues from other countries for improving the quality of their dissertation. For the realization of mobility, the student brings evidence to the mentor.

- **Presentation of Research Results**

At the end of the 5th semester, after the research activities under the individual plan, overall results of this phase of the paper and the research will be presented publicly by the candidate.

- **Publications II**

Publication of research activities under the table relevant to the media for publication. Publication activities and successes of the candidate checked before scientific audience by area and the relevance of the research.

- **Doctoral Dissertation**

Continuing the work of doctoral dissertation. Submitted thesis (dissertation), accepted by the Scientific-Teaching Council of the Faculty and submitted to committee members and begin the procedure of public defense.

Elective courses

- **Criminal Procedural Law – depth program**

The purpose of this course is for students to gain a solid theoretical and practical knowledge of criminal procedural provisions and institutions which is legally regulated and the activity of the procedural authorities and other participants in criminal proceedings and prepared for their practical application.

- **Victimology**

Victim issues, the process of victimization, increasing the number of people who are victimized, victim compensation and the prevention of victimization are key issues of the case, because the protection of victims and victimization represent a major preoccupation of modern society.

- **Criminalistics**

Specialization in this area is needed especially for the professional who will work in the justice - court, public prosecutor and judicial police. Criminalistics at its core has substantive and procedural criminal legislation and regulations derived from them. Each figure includes legal offense in itself determine the totality of facts and circumstances relevant to the overall right solution of the criminal case.

- **Juvenile Delinquency**

Juvenile criminals are in close connection with other phenomena of socio-pathological, such as drug addiction, alcoholism and prostitution, phenomena that are distributed today in almost every country in the world, and unfortunately they are present in our country. Therefore, the purpose of this discipline is to discover and record new forms of this criminal phenomenon and to explain the reasons for their presence in order to propose appropriate measures for their prevention and repression.

- **International Criminal Law**

After successfully completing the course, students are expected to have gained a solid knowledge of the concepts and scope of this discipline, the rates in ICL, the repressive powers and jurisdiction of the states, extradition, asylum, transfer of criminal procedure, criminal legal aid, cooperation and the corpus of international human rights and international powers over criminal cases.

- **Countering Violent Extremism**

The fight against violent extremism is part of the strategies of state institutions designed to prevent and punish violent actions related to ideological, political or activist goals. This subject deepens the analysis of the phenomenon of violent extremism, the forms of its appearance, the factors that push individuals closer together with structures that use violence in their actions, as well as a series of factors that attract those individuals to such organizations. The course analyzes the criminal-legal aspect of the incrimination of participation in foreign armed forces and pays special attention to the way in which state institutions deal with persons participating in such organizations as well as the measures undertaken with a view to their de-radicalization.
